- To produce self-motivated, skilled professionals of academic excellence.
- To provide value oriented quality technical education through innovative teaching learning process.
- To equip students to be Responsible Professionals for the betterment of society.

VISION OF THE DEPARTMENT

Emerge as a department of excellence to produce technically competent and ethically strong Civil Engineering Professionals for serving the industrial and societal needs.

MISSION OF THE DEPARTMENT

- To prepare the students to excel in their profession with technical expertise
- To provide conducive learning environment to mould civil engineers of high standard
- To develop professional responsibility among students to uphold ethical values and principles of sustainable development

MESSAGE FROM PRINCIPAL

Dear All

Technical education plays a vital role in nation building and development. We, at KMCT College of Engineering thrive to educate the students by imparting technical and value based education. One mission and vision is to empower and mould engineers, competent with analytic, strategic and leadership abilities.

A group of highly experienced, dynamic and committed faculty members working meticulously to achieve the objective. Training programs are conducted to improve the soft skills and technical skills of the students by the use of information and communication technology.

Various professional associations are setup to nurture the student's technical skills. The faculty members are committed to give special care and attention to economically and educationally backward students, by motivating and bridging the gap of competency.

Apart from academics the college gives importance to extracurricular activities to build the students leadership and strategic abilities. All these qualities help to build a strong academic and co-curricular record imparting knowledge, and nurturing the talent of every students. I invite you all to KMCT College of Engineering and be part of our mission and vision.

Best Regards,
